

# Hearts On Missions

Hearts On Missions is a women's missions group especially aimed to include those who live alone and those who cannot drive at night. We want to invite you to join us on the first Monday of each month. The programs include one or more of the following: Prayer for missions, mission studies, book studies (Mission Books), socials with missions emphasis, and other fun activities.

We are excited about this group. We want to do fun and exciting things. None of us are too old to have fun and do exciting things!!! We hope you'll come!
